

Dear Friend,

We hope you are all staying healthy!!!

Today (9/13/22) I submitted information to the state of Colorado, beginning the official closing of the MountainHeart School.

There are many reasons that have come together in this decision. Primarily I have been trying to listen to my own inner guidance on this and have come to the realization that this is probably best. I waited as long as I could to see what shifted in the massage therapy world, in the community of Crested Butte, and in my own life.

The MountainHeart School opened the doors to students in June 1998 and continued nonstop for 22 years!

For me it has been a wonderful blessing to meet so many awesome people and serve humanity through helping students and graduates help bring more touch into the world!

A couple of notes:

The website will remain up for as long as I can.

Let me know if I can be of service to you!

Namaste, Craig
